PRODUCTS ACCORDING TO YOUR STANDARDS AND SPECIFICATIONS

Interclean is responsible partner in all your projects of developing and launching private labels. High level of production flexibility enables us to offer each individual product in variety of models, colors and packaging based on your requirements. Our experts, resources and expertise are at your disposal at any given moment.

RELY ON OUR EXPERIENCE

With more than two decades of experience in the field of household cleaning products manufacturing, we are competent and equipped to consider your specific requests and jointly develop new tailor-made solutions. We develop our own tools (molds) for the production of plastic products and provide our clients with full technical support in the development of their own products.
